

Physical Education

- The activity teaches the children to move and run around, helping to develop their gross motor skills and coordination.
- It encourages social interaction and cooperation as the children participate in a group game, promoting teamwork and communication.
- The game also introduces the concept of turn-taking and following rules, helping the children to understand the importance of fair play and sportsmanship.

For continued development, you can encourage the children to take turns being the "goose" and promote creativity by allowing them to come up with their own variation of the game using different animals or movements. This can help to keep the activity engaging and fun while further developing their physical skills and social interaction.
