

Core Skills Analysis

Reading

- The 4-year-old student developed their vocabulary by learning new words through the activity.
- Through reading, the student also improved their comprehension skills as they understood the storyline and characters.
- The activity fostered the child's imagination and creativity by exposing them to different worlds and scenarios through books.
- Reading helped the student enhance their concentration and focus as they engaged with the texts.

Tips

Encourage the child to ask questions about the story they are reading to enhance their critical thinking skills. Incorporate interactive reading sessions where the child can predict what will happen next in the story. Additionally, exploring different genres of books can broaden the child's knowledge and interest in reading. Using props or puppets while reading can make the activity more engaging and enjoyable for the child.

Book Recommendations

- [The Very Hungry Caterpillar](#) by Eric Carle: Follow the journey of a caterpillar as it eats its way through a variety of foods before transforming into a beautiful butterfly.
