

Core Skills Analysis

Art

- The student learned about color mixing and blending through creating unique color combinations for handmade soaps.
- They explored texture by experimenting with different additives like dried flowers, oatmeal, and coffee grounds to create visually interesting soap designs.
- The activity helped the student understand the concept of composition as they arranged various soap shapes and sizes in aesthetically pleasing patterns.
- Through the process of molding and shaping the soap bars, the student gained hands-on experience with sculptural techniques.

Tips

Engage in soap making workshops or attend craft fairs to learn from experienced soap makers. Experiment with natural ingredients for different scents and textures. Document your soap making journey through photos or a blog to track progress and share with others. Consider selling your handmade soaps online or at local markets to turn your hobby into a small business.
