

## Core Skills Analysis

### Art

- The student improved their creative thinking by conceptualizing various designs for the poster.
- Enhanced their fine motor skills by cutting and pasting different materials onto the poster.
- The activity helped the student understand the use of colors and patterns in creating visually appealing posters.
- The student learned about balance and composition by arranging different elements on the poster.

### English

- The student practiced persuasive writing skills by including a call to action on the poster.
- Improved vocabulary by selecting impactful words and phrases to convey the message effectively.
- Enhanced storytelling abilities by creating a narrative through images and text on the poster.
- The student learned about audience engagement by considering the target viewers of the poster.

### Tips

To further develop the poster-making skills, encourage the student to explore different textures and materials for added visual interest. Additionally, introduce them to typography basics to enhance the text elements on their posters. Take inspiration from nature, books, or everyday objects to spark creativity and create unique poster designs.

### Book Recommendations
