

Core Skills Analysis

English

- The 'duo abc app' helped the 6-year-old student learn the alphabet through interactive and engaging exercises.
- By using the app, the student improved their vocabulary as they matched words to their corresponding pictures.
- Through the app's pronunciation feature, the student enhanced their phonetic skills by listening and repeating words accurately.
- The app's storytelling element aided the student in understanding sentence structure and narrative flow in English.

Tips

For continued development after using the 'duo abc app,' encourage the student to practice writing the alphabet and words they have learned. Additionally, engage them in storytelling activities where they can express their thoughts using the new vocabulary. Encouraging reading English books aloud will also help improve their pronunciation and comprehension skills.

Book Recommendations

- [Chicka Chicka Boom Boom](#) by Bill Martin Jr. and John Archambault: An engaging alphabet book where letters race each other up a coconut tree, teaching the alphabet in a fun and memorable way.
- [Brown Bear, Brown Bear, What Do You See?](#) by Bill Martin Jr. and Eric Carle: A classic picture book introducing colors and animals through repetitive text, aiding in vocabulary development.
- [Where the Wild Things Are](#) by Maurice Sendak: A beautifully illustrated story that sparks imagination and creativity, while introducing new vocabulary in context.
