

Core Skills Analysis

Foreign Language

- The 4-year-old student has learned basic Tagalog vocabulary words such as colors, numbers, and common phrases through the activity.
- The student has developed an understanding of simple sentence structures and grammar rules in Tagalog.
- The activity has helped the student familiarize themselves with the Tagalog alphabet and pronunciation of sounds.
- Through this activity, the student has shown an interest in Filipino culture and traditions, enhancing their cultural awareness.

Tips

For continued development in Tagalog reading and writing, consider incorporating interactive games or flashcards to make learning more engaging. Encourage the child to practice writing simple sentences in Tagalog and engage in conversations with native speakers to improve language skills. Immersing the child in everyday Tagalog conversations or songs can also help reinforce vocabulary and language comprehension.

Book Recommendations

- [“Si Malakas at si Maganda: A Philippine Folk Tale”](#) by Virgilio S. Almario: A beautifully illustrated children's book that introduces kids to traditional Philippine folklore and culture.
- [“May Higante sa Aming Bahay: A Counting Book in Filipino”](#) by Rene Villanueva: An educational book that teaches counting in Tagalog through a fun and colorful story.
- [“Ang Pambihirang Buhok ni Raquel”](#) by Luis Gatmaitan: A Tagalog storybook that celebrates diversity and self-acceptance in a charming narrative.
