

## Core Skills Analysis

### Art

- Developed fine motor skills by manipulating Barbie dolls and accessories.
- Explored color choices and aesthetics while creating scenes with Barbies.
- Enhanced creativity through imaginative play, arranging dolls in various scenarios.

### English

- Engaged in narrative building by inventing stories and dialogues for the Barbies.
- Practiced vocabulary enhancement by naming objects and describing scenes.
- Improved verbal communication skills through role-play and dialogue among dolls.

### Foreign Language

- Introduced new vocabulary in a different language while playing with international Barbie dolls.
- Practiced simple phrases or commands using the foreign language during imaginative play.
- Developed listening skills by incorporating stories or songs from different cultures.

### History

- Created scenarios based on different historical contexts or cultures using Barbies.
- Learned about roles of women in history by playing with female dolls in various professional setups.
- Explored historical figures or themes through themed Barbie sets.

### Math

- Counted and organized Barbie accessories, relating math skills to real-life scenarios.
- Used simple measurements while filling the bathtub, discussing concepts of volume.
- Explored patterns by organizing dolls and items in specific sequences or arrangements.

### Physical Education

- Engaged in physical activity by moving dolls around the play area and simulating sports.
- Promoted coordination through manipulation of dolls during play scenarios.
- Introduced concepts of teamwork and sportsmanship by creating collaborative play scenes.

### Science

- Explored the concept of water properties by filling the bathtub and observing how dolls float.
- Discussed basic principles of buoyancy and density through play interactions.
- Experimented with water, understanding the effects of adding objects in a fluid.

### Social Studies

- Learned about social roles and relationships through the interactions of Barbie dolls.
- Explored community settings by creating different social scenarios in their play.
- Discussed cultural diversity through different Barbie characters that represent various backgrounds.

## Tips

Consider extending playtime by introducing new scenarios or challenges for the dolls, such as organizing a party or going on an adventure. This can help deepen understanding of social dynamics and develop planning skills. Encourage play that includes friends for collaborative storytelling or role-play, which enhances communication and social skills. Engage in discussions about the scenes created to promote verbal expression and analytical thinking.
