

Core Skills Analysis

Art

- Developed an understanding of color theory through mixing makeup shades to achieve desired effects.
- Explored creativity by designing various looks that reflect different artistic styles.
- Learned about proportions and balance while applying makeup to create harmony on the face.
- Gained insight into texture and application techniques, utilizing brushes and tools for precise artistry.

English

- Enhanced vocabulary by learning makeup terminology and product descriptions.
- Improved communication skills through articulating makeup techniques and sharing tips with peers.
- Practiced writing skills by documenting makeup application steps and outcomes in a personal journal.
- Engaged in storytelling by creating character looks, which involved narrative thinking and creative expression.

History

- Investigated the evolution of makeup trends through different historical periods and cultures.
- Learned about famous figures in beauty history and how their influence shaped modern makeup practices.
- Explored the cultural significance of makeup and how it has been used for rituals and ceremonies.
- Understood the impact of societal norms on beauty standards over time.

Math

- Applied mathematical concepts while measuring and proportioning makeup products for even application.
- Utilized geometry to determine angles and symmetry in facial features during makeup application.
- Gained an understanding of ratios when mixing foundation shades to achieve the perfect match.
- Conducted basic budgeting by calculating costs of makeup products for different looks.

Physical Education

- Developed fine motor skills through the intricate application of makeup using various tools.
- Learned about skin care and health by understanding the importance of a clean workspace and techniques.
- Practiced patience and perseverance in mastering complex makeup techniques.
- Engaged in physical awareness by recognizing how different lighting affects makeup appearance.

Social Studies

- Gained insights into gender roles and societal perceptions surrounding beauty and makeup.
- Examined the global impact of makeup trends and how they reflect cultural identities.
- Explored the community aspect of makeup through collaborations and social media engagement.
- Understood the importance of inclusivity in makeup shades, recognizing diversity in skin tones.

Tips

Further exploration can include researching different makeup styles globally, experimenting with eco-friendly makeup products, or learning about the psychology behind beauty standards. Improvement areas might involve practicing more advanced techniques and seeking feedback from peers to enhance skills. Additionally, studying the science behind makeup products' ingredients can deepen understanding and promote informed choices.

Book Recommendations

- [Makeup Manual](#) by Bobbi Brown: A comprehensive guide that teaches makeup techniques and tips, perfect for beginners looking to refine their artistry.
- [The Art of Makeup](#) by Michelle Phan: An inspiring book that covers an array of makeup styles and personal branding through beauty.
- [The Skin I'm In](#) by Sharon G. Flake: A coming-of-age story that explores the themes of beauty, self-acceptance, and the challenges faced by teenage girls.
