

Core Skills Analysis

Literature

- Identified narrative elements such as characters, setting, and plot through the storyline of 'The Aristocats'.
- Explored themes of friendship and family as depicted in the relationships between the cats.
- Recognized the use of dialogue and humor, enhancing comprehension of how conversations contribute to character development.
- Developed an understanding of character motivations and conflicts that drive the story forward.

Music

- Acknowledge the importance of music in storytelling, noting how songs enhance emotions and narrative context.
- Identified different musical styles represented in the film (e.g., jazz, classical) and discussed their cultural significance.
- Engaged with the lyrics of songs to understand their themes and connections to the film's plot.
- Developed an appreciation for rhythm and melody, noticing how these elements affect the mood and pacing of scenes.

Art

- Observed animation techniques and artistic styles unique to Disney films, fostering an appreciation for visual storytelling.
- Analyzed color use and character design to infer personality and mood (e.g., soft colors for kittens, bold colors for antagonists).
- Explored the concept of character movement and expression, enhancing awareness of how visual art can convey emotions.
- Encouraged creativity by considering how they might depict their own character or story inspired by what they viewed.

Tips

To further explore, the student could investigate the origins and adaptations of classic stories like 'The Aristocats'. This could include comparing the Disney version to the original tales, analyzing how these adaptations change themes and character portrayals. Moreover, engaging in discussions about music history and styles featured in the film could deepen their understanding of cultural influences in art. Additionally, exploring drawing and animation could inspire the student to create their original characters, fostering creativity.

Book Recommendations

- [The Aristocats](#) by Disney Book Group: A beautifully illustrated retelling of the classic Disney film, featuring the beloved characters and their adventure in Paris.
