

## Core Skills Analysis

### Social Studies

- Developed an understanding of key social, political, and economic concepts relevant to Alberta's Grade 10 curriculum.
- Explored historical and contemporary issues that shape Alberta and Canada, fostering critical thinking about citizenship and governance.
- Engaged with Alberta-specific case studies or events to connect local context with broader societal themes.
- Practiced analyzing sources, forming arguments, and understanding diverse perspectives as part of social studies skills.

### Tips

To deepen the student's engagement with Social Studies aligned to Alberta Grade 10 standards, consider incorporating current events discussions that relate to the topics studied. Encourage the student to conduct mini research projects on prominent Alberta historical figures or significant policy developments to build connections between past and present. Role-playing debates can also help develop persuasive communication skills and empathy by representing different viewpoints. Finally, visiting local museums or virtual tours of Alberta heritage sites can provide experiential learning that solidifies understanding and makes abstract concepts tangible.

### Book Recommendations

- [Canada: A People's History](#) by CBC: An accessible overview of Canadian history that includes key moments relevant to Alberta and the broader nation.
- [A History of Alberta](#) by David Breen: A detailed book providing historical context for Alberta's development from early settlement to modern times.
- [Citizenship in Action: A Social Studies Textbook for Grade 10](#) by Alberta Education: Official curriculum resource offering relevant material aligned to Grade 10 social studies learning outcomes.

### Learning Standards

- Social Studies 10-1: Analyze social, cultural, economic, and political developments in Alberta and Canada (Standard Code: SS10-1)
- Social Studies 10-2: Understand rights, responsibilities, and the framework of government in Alberta (Standard Code: SS10-2)
- Critical Thinking and Communication: Evaluate and present arguments based on evidence (Standard Code: CT10-3)

### Try This Next

- Create a timeline worksheet highlighting key Alberta historical events and their impact on society.
- Write a persuasive essay or debate speech on a current social or political issue in Alberta.

### Growth Beyond Academics

This activity likely supports the development of critical thinking and empathy, reflecting growing independence in analyzing complex societal issues. The student may also experience increased confidence as they understand their role as active citizens and learners within their community.
