

## Core Skills Analysis

### English Language Arts

- Demonstrated mastery of possessive pronouns by achieving a perfect score on the quiz, indicating strong understanding of their correct usage.
- Recognized the difference between possessive pronouns and other types of pronouns or nouns within sentence structures.
- Applied grammatical rules related to possessive pronouns without errors, showing attention to detail and comprehension.
- Improved ability to identify and use possessive pronouns correctly in various sentence contexts.

### Tips

To further develop Sarah's understanding of possessive pronouns, consider incorporating creative writing exercises where she uses possessive pronouns in stories or descriptions about her own experiences. Role-playing activities or sentence-building games can make grammar practice dynamic and engaging. Additionally, exploring related grammar concepts—such as possessive adjectives and contractions—would help deepen her grasp of pronoun functions. Finally, encourage her to edit short paragraphs or peer writings to identify and correct uses of possessive pronouns, which reinforces practical application and critical thinking.
