

## Core Skills Analysis

### History

- Learnt about Viking culture, including their daily life, social structure, and key historical events spanning the Viking Age.
- Explored Viking exploration and impact on various regions, emphasizing geography and historical timelines.
- Developed an understanding of Viking mythology, beliefs, and their influence on modern culture.
- Practiced sequencing historical events and distinguishing facts from myths within the Viking context.

### Language Arts

- Engaged in reading Viking-themed stories or informational texts, enhancing vocabulary related to history and geography.
- Practiced writing skills through daily journaling about Viking activities or storytelling exercises.
- Improved comprehension by discussing and summarizing lessons on Vikings.
- Used narrative techniques to imagine life as a Viking, boosting creative writing abilities.

### Creative Arts

- Created Viking-related crafts, such as shields or helmets, fostering fine motor skills and historical creativity.
- Explored Viking art styles and symbolism through drawing and design.
- Integrated drama and role-play to understand Viking social interactions and storytelling traditions.
- Engaged in music or rhythm activities inspired by Viking culture enhancing cultural appreciation.

### Tips

To deepen the student's understanding and engagement with Viking history, incorporate experiential learning such as cooking simple Viking-inspired recipes or creating a small Viking village diorama. Use storytelling and role-play to help the child 'live' the history by acting out scenarios like village meetings or sea voyages. Include map activities tracing Viking routes to develop geographical skills. Additionally, journaling reflections or creating comic strips about daily Viking life can enhance language skills and reinforce learning through creative expression.

### Book Recommendations

- [Viking Boy](#) by Tony Bradman: A historical fiction novel that brings the Viking Age to life through the eyes of a young boy, ideal for engaging readers with adventure and culture.
- [The Viking World](#) by James Graham-Campbell: An accessible nonfiction book filled with illustrations and facts that explores the breadth of Viking history and culture.
- [How to Train Your Dragon](#) by Cressida Cowell: A humorous and imaginative series that introduces Viking culture through fun storytelling and creative characters.

### Learning Standards

- History: KS2 History - understand the Viking and Anglo-Saxon struggle for the Kingdom of England (NC History KS2)
- Geography: Locate the world's countries, focusing on Europe and North America (NC Geography KS2)
- English: Develop positive attitudes towards and stamina for writing of narratives (NC English)

KS2 Writing)

- Art & Design: Improve mastery of techniques including drawing and design with a cultural focus (NC Art & Design KS2)

### **Try This Next**

- Create a daily Viking diary worksheet where the child records imagined experiences as a Viking character.
- Design a 'Viking Exploration Map' activity tracing routes on a world map with stickers or drawings.

### **Growth Beyond Academics**

This daily immersive study of Vikings encourages curiosity and sustained focus, while creative arts and role-play foster confidence and empathy by allowing the child to embody historic personas. The hands-on activities support independence and pride in completing projects tied to the lessons, creating a well-rounded emotional and social growth experience.
