

Core Skills Analysis

Reading and Phonics

- Amanda learned to associate specific sounds with corresponding letters, which is foundational for decoding words.
- She practiced blending phonemes to form words, enhancing her early reading fluency.
- The app likely provided Amanda with immediate feedback, helping her self-correct and reinforce learning.
- Engagement with interactive phonics exercises promotes auditory discrimination and memory skills critical for literacy development.

Tips

To deepen Amanda's phonics skills and foster a love of reading, consider supplementing her app work with hands-on activities like creating phonics flashcards or playing rhyme matching games. Reading aloud together daily can help her apply phonics knowledge in real texts and improve her vocabulary and comprehension. Introducing multisensory approaches, such as writing letters in sand or shaping letters with clay, will cater to different learning styles and solidify letter-sound connections. Lastly, explore simple word families and sight words to build reading confidence and more automatic word recognition.

Book Recommendations

- [Phonics from A to Z](#) by Wiley Blevins: An excellent guide for parents and educators to understand phonics instruction and offer practical, effective strategies at home.
- [Teach Your Child to Read in 100 Easy Lessons](#) by Siegfried Engelmann: A step-by-step program that complements phonics learning with clear instructions and practice to develop reading mastery.
- [Chicka Chicka Boom Boom](#) by Bill Martin Jr. and John Archambault: A fun, rhythmic story featuring the alphabet climbing a coconut tree, perfect for early phonics and letter recognition.

Learning Standards

- CCSS.ELA-LITERACY.RF.K.3: Know and apply grade-level phonics and word analysis skills in decoding words.
- CCSS.ELA-LITERACY.RF.1.3: Know and apply grade-level phonics and word analysis skills in decoding words.
- CCSS.ELA-LITERACY.RF.K.2: Demonstrate understanding of spoken words, syllables, and sounds (phonemes).

Try This Next

- Create a custom worksheet where Amanda sorts words by their beginning sounds using pictures and letters.
- Design a short quiz where she identifies phonemes in words and practices blending them orally or with letter tiles.
