

Core Skills Analysis

Geography

- Identified and named the seven continents, reinforcing global spatial awareness.
- Learned the relative locations and shapes of continents through workbook exercises.
- Developed fine motor skills and attention to detail by tracing or coloring continent maps.
- Engaged with basic map reading skills, such as recognizing geographic boundaries.

Tips

To deepen understanding of continents, encourage learning through hands-on activities like creating a 3D globe model using craft materials or assembling a simple puzzle of continents. Incorporate stories or cultural facts about people who live on different continents to build global empathy and curiosity. You can also explore weather patterns or animals native to each continent, through videos or interactive apps, to connect geography with natural sciences. Lastly, try relating continents to current events or famous landmarks, making the learning timely and meaningful.
