

## **Art**

- Learned spatial awareness and design by creating structures and arranging the Lego pieces.
- Explored color combinations and patterns while building and decorating the Lego city.
- Developed fine motor skills by manipulating the small Lego pieces.
- Expressed creativity and imagination through the construction and play with Lego friends.

## **English Language Arts**

- Practiced storytelling skills by creating narratives for the Lego city and its inhabitants.
- Enhanced vocabulary by using descriptive language to describe the buildings and characters.
- Engaged in imaginative play, fostering a love for reading and storytelling.
- Developed reading comprehension skills by following instructions to build and play with Lego sets.

## **Foreign Language**

- Explored basic vocabulary related to buildings, people, and daily life while engaging in Lego play.
- Practiced listening skills by following instructions in a foreign language provided in Lego sets.
- Developed language fluency through role-playing scenarios with Lego friends.
- Strengthened cultural awareness by incorporating diverse Lego characters and settings.

## **History**

- Learned about city planning and urban development through the creation of the Lego city.
- Explored historical architectural styles by incorporating different building designs.
- Developed an understanding of community roles and occupations through Lego character play.
- Engaged in historical imagination and storytelling while playing with Lego friends.

## **Math**

- Developed spatial reasoning and geometry skills while designing and building the Lego city.
- Practiced counting and number recognition by organizing and categorizing Lego pieces.
- Enhanced problem-solving skills by figuring out how to fit pieces together and construct stable structures.
- Explored measurement concepts by comparing the sizes of different Lego elements.

## **Music**

- Explored rhythm and beat by creating sound effects and music for the Lego city using household objects.
- Engaged in creative expression by composing and performing songs related to the Lego friends' adventures.
- Developed listening skills by identifying and replicating different musical styles and genres.
- Strengthened teamwork and collaboration by engaging in musical activities with friends.

## **Physical Education**

- Enhanced fine and gross motor skills through the manipulation and construction of Lego pieces.
- Engaged in active play by setting up obstacle courses and physical challenges for the Lego friends.
- Developed coordination and balance by incorporating movement and action into Lego play scenarios.
- Strengthened social skills by engaging in cooperative play and physical activities with friends.

## Science

- Explored engineering principles by building structures that are stable and functional.
- Learned about physics concepts such as force, balance, and motion while constructing and playing with Lego sets.
- Engaged in problem-solving and critical thinking by troubleshooting Lego constructions that may not work as intended.
- Developed an understanding of cause and effect by experimenting with different Lego configurations.

## Social Studies

- Explored community and citizenship concepts by creating a Lego city with different buildings and services.
- Learned about cultural diversity by incorporating diverse Lego characters and exploring their backgrounds.
- Developed empathy and understanding by role-playing different community scenarios with Lego friends.
- Engaged in imaginative play that encourages social interactions and teamwork.

Encourage further development related to the Lego city and Lego friends by suggesting creative activities such as designing new buildings, creating storylines for the characters, organizing a Lego city tour, or hosting a Lego building challenge with friends.

## Book Recommendations

- [LEGO City: Look Out Below!](#) by Michael Anthony Steele: Join the Lego City police and firefighters as they team up to save the day in this exciting adventure.
- [LEGO Friends: Dolphin Rescue](#) by Scholastic: Dive into an underwater adventure with the Lego Friends as they work together to save a stranded dolphin.
- [LEGO Ninjago: The Golden Weapons](#) by Tracey West: Join the Lego Ninjas on a quest to find the powerful golden weapons and defeat evil forces in this action-packed story.
