

English Language Arts

- The child learned letter recognition and spelling as they guessed letters to complete the word in the hangman game.
- They practiced vocabulary and word comprehension as they guessed words and tried to figure out the hidden word based on the given category.
- The activity helped improve their phonics skills as they sounded out letters and words while playing hangman.
- They developed critical thinking skills by analyzing patterns and making educated guesses to solve the puzzle.

To further enhance learning from the hangman activity, you can encourage the child to create their own hangman game. They can take turns with a friend or family member to come up with words, write the hidden word on a piece of paper, and draw the gallows and blanks for the letters. This way, they will not only reinforce their spelling and vocabulary skills but also practice their handwriting and artistic abilities.
