

Art

- The child learned to express their creativity through drawing.
- They practiced hand-eye coordination while listening to the music and drawing.
- They explored different colors and textures in their artwork.
- They experienced the connection between music and visual arts.

Continued development can include exploring different art mediums like painting or collages while listening to classical music. The child can also experiment with creating artwork inspired by specific pieces of music or different musical genres.

Book Recommendations

- by David Wiesner: A story about two friends who explore different artistic styles.
- [The Dot](#) by Peter H. Reynolds: A book that encourages creativity and self-expression through art.
- [Draw Me a Star](#) by Eric Carle: An illustrated book that inspires imagination and artistic exploration.
