

Foreign Language

- The child may have learned some basic Spanish vocabulary words related to the activity, such as "música" (music) or "cantante" (singer).
- They may have also learned some phrases or sentences in Spanish, such as "¡Hola, ¿cómo estás!" (Hello, how are you?) or "Me gusta la música de Selena." (I like Selena's music.)
- Through the activity, the child may have developed an appreciation for different languages and cultures.
- They may have also learned about the importance of communication and expressing oneself through language.

History

- The child may have learned about the life and achievements of Selena Quintanilla, a famous Mexican-American singer.
- They may have gained an understanding of different time periods, as they learned about Selena's career in the 1990s.
- The child may have also learned about the impact Selena had on the music industry and her cultural significance.
- They may have developed an interest in learning about other historical figures and their contributions.

Social Studies

- Through the activity, the child may have learned about the concept of culture and how it influences individuals and communities.
- They may have gained an understanding of the importance of cultural diversity and respecting different traditions and customs.
- The child may have learned about the role of music in different cultures and societies.
- They may have developed an appreciation for the arts and the ways in which they can bring people together.

Continued development can be fostered by encouraging the child to explore more about different cultures and languages. They can be introduced to music from other countries and learn simple phrases in different languages. Reading books about different cultures, traditions, and influential individuals can further enhance their understanding and appreciation. Providing opportunities for the child to engage in creative activities related to music and culture, such as making their own instruments or learning a new dance, can also contribute to their continued development.
