

Foreign Language

- The Second-grade child has learned various French beach vocabulary words such as "la plage" (the beach), "le soleil" (the sun), "le sable" (the sand), and "la mer" (the sea).
- They have practiced using these words in simple sentences, such as "Je vais à la plage avec ma famille" (I am going to the beach with my family).
- The child has also learned common phrases related to the beach, such as "Je veux nager" (I want to swim) and "Je fais un château de sable" (I am building a sandcastle).
- They have engaged in interactive activities, like role-playing beach scenarios, to reinforce their understanding of the vocabulary and phrases.

For continued development, encourage the Second-grade child to practice their French beach vocabulary by creating their own beach-themed story or dialogue. They can write or act out a conversation between friends at the beach, incorporating the vocabulary they have learned. Additionally, they can explore online resources or apps that offer interactive games and exercises to further reinforce their language skills.
