

Riley watched a YouTube video about hidden emotes in Roblox Brookhaven. Emotes are a feature in Brookhaven where a player can express their emotions Such as wave, laugh, cry, ... Riley wrote down the commands he needed to type into the chat. We then played Brookhaven together having a lot of fun using the new secret emotes. Watching the YouTube video Riley used his listening and comprehension skills to follow the instructions in the video, and then he practiced his literacy skills writing the commands on paper and then typing them into the game. / Subject Explorer / LearningCorner.co

- Riley practiced his listening skills by following instructions from the YouTube video.
- Riley improved his comprehension skills by understanding the commands and their meanings.
- Riley practiced his literacy skills by writing down the commands on paper.
- Riley developed his typing skills by typing the commands into the game.

To further enhance Riley's English Language Arts skills related to this activity, you can encourage him to write a short story or script involving the characters and emotes in Brookhaven. This will allow him to exercise his creativity and expand his writing abilities. Additionally, you can suggest that he read articles or blogs about gaming, which will strengthen his reading comprehension and expose him to different writing styles.

Book Recommendations

- [The Game Masters of Garden Place](#) by Denis Markell: Riley will enjoy this book about a group of friends who enter a video game competition and face unexpected challenges.
