

English Language Arts

- Understanding of language and wordplay through creating captions and matching them with images
- Developing creativity and humor through generating witty and clever captions
- Improvement of storytelling and narrative skills by creating funny and engaging memes
- Enhancing understanding of humor, irony, and satire through engaging with meme culture

The What Do You Meme game is a fun way to encourage continued development of language and storytelling skills. Encourage the child to write their own captions for memes and create a mini-project around finding or creating memes that relate to their favorite books or stories. This can help them connect their interests with language arts in a creative and engaging way.
