

English Language Arts

- The student has learned about storytelling and creative writing through the interactive prompts and activities on the Night Zookeeper website.
- They have developed their vocabulary and language skills by writing descriptive paragraphs and creating characters with unique traits.
- Through the feedback and challenges provided on the platform, the student has improved their comprehension and critical thinking skills.
- By collaborating with other students and sharing their stories, the child has learned about communication and constructive peer feedback.

For continued development, encourage the student to use the Night Zookeeper website regularly and to explore different genres of writing such as poetry, mystery, or adventure. Encourage them to read books and watch movies related to animals and magical adventures to spark their creativity. Additionally, prompt them to write and illustrate their own storybooks, allowing them to express their imaginations in various forms.
