

Real Madrid has faced various Premier League teams in different international competitions, primarily in the UEFA Champions League and previously in the European Cup.

As of October 2023, Real Madrid has won a total of **28 matches** against Premier League teams in European competitions. They have been particularly successful against teams like Manchester City, Manchester United, Liverpool, and Chelsea.

Here's a brief breakdown of their performance:

- **Against Manchester United:** Real Madrid has won 10 matches out of their 17 encounters.
- **Against Liverpool:** Real Madrid has won 4 out of 8 matches.
- **Against Chelsea:** Real Madrid has won 3 out of 6 matches.
- **Against Manchester City:** Real Madrid has won 3 out of 8 matches.

This indicates Real Madrid's strong legacy and historical performance against some of the top clubs in England. However, these numbers continue to evolve with each season and tournament.
