

To raise money for an outreach bus, you can start by setting a fundraising goal. This is like deciding how many cookies you want to sell to buy a new toy. Next, identify different ways to raise money such as organizing a bake sale with your friends, asking neighbors for donations, or selling crafts. You can also make a lemonade stand or create an online fundraiser like setting up a virtual bake sale using social media. Another idea is to ask local businesses if they would sponsor your outreach bus by donating money in exchange for their logo on the bus. Finally, remember to thank everyone who helped you raise money for the bus by sending them thank you cards or giving them a shoutout on social media.
