

Hi there! Today, let's learn about *soft toys* or *softies*. Have you ever hugged a teddy bear or slept with a stuffed animal? Those are examples of soft toys!

Soft toys, also called softies, are toys made from soft materials like cloth, cotton, or plush fabric. Inside, they might be filled with fluffy stuffing, like cotton or foam, which makes them squishy and cuddly.

Kids love soft toys because they are gentle and comforting. You can hug them when you feel sleepy, lonely, or just want a friend to play with. Soft toys can be animals, like bears, rabbits, or dogs, or even characters from your favorite cartoons.

Soft toys are safe and soft, so you don't have to worry about getting hurt while playing with them. They can also be used to decorate your room or to tell stories and have fun adventures!

So, soft toys or softies are your soft, cuddly friends made from cloth and stuffing, perfect to hug and play with anytime!
