

Hi there! Today, we're going to think of some fun, made-up words that mean the same as 'noisy.' 'Noisy' means there's a lot of sound or sounds that are loud and maybe a little bit busy. Let's make up some silly words that mean noisy:

- **Buzzlepuff** - A word that could mean lots of buzzing sounds and blowing noises all mixed together.
- **Clatterbang** - Maybe when things fall and make a big, loud noise!
- **Boomaroo** - Sounds like a big booming sound, like thunder or something loud and exciting.
- **Whirlygiggle** - A funny word for sounds that spin around and giggle in the air.
- **Zippyzap** - Quick, zipping, and zapping noises that make a place noisy.

You can use these silly words when you want to describe a noisy room, noisy friends, or a noisy playground. Making up words is a fun way to use your imagination!
