

What is the 69 Position?

The 69 position is a sexual position in which two partners align themselves in a way that allows for simultaneous oral stimulation. The name '69' comes from the way the partners' bodies fit together, resembling the numbers '6' and '9' turned upside down and back to back.

How is it Performed?

In the 69 position, one partner lies on their back while the other partner lies on top, upside down in relation to the first partner.
