

Hey there! Do you like ice cream? Well, let's talk about ice cream vans! An ice cream van is a colorful truck that drives around our neighborhoods, playing happy music. When you hear the song, you know yummy treats are nearby!

Now, what's super cool is when an ice cream van carries a giant popsicle! A giant popsicle is just like the smaller ones we eat, but this one is really, really big. Imagine a popsicle that is bigger than your whole arm! It can come in lots of flavors, like cherry, orange, or even rainbow!

Ice cream vans want to make people smile, and having a giant popsicle helps to do that. Just picture this:

- **1.** The ice cream van parks in your street.
- **2.** You hear the joyful music and run outside.
- **3.** You see the giant popsicle in the ice cream van, and it grabs your attention!
- **4.** You can ask for a piece of that giant popsicle!

Isn't that amazing? So, when you see an ice cream van, think of all the delicious treasures inside, including those giant popsicles that make everyone happy!
