

Dogs are super helpful friends for police officers! Here's how:

1. **Scent Detectives:** Dogs have a great nose! They can smell things really well, like if someone hid something bad. They help sniff it out!
2. **Finding Lost Things:** If a person is lost, dogs can help find them. They follow their smell, just like a treasure map!
3. **Protection:** Some dogs are very strong and can help keep police safe. They can bark loudly to tell everyone to be careful!
4. **Helping Friends:** Dogs make officers happy and calm. When they are around, it feels nice and friendly!

So, dogs are like police officers' cool sidekicks, helping them do great things!
