

Okay, little buddy! Let's think about driving like a fun game!

1. **When to Depart:** A driver knows when to leave, just like when you're waiting to start a race. They might look at a clock to see what time it is. If it's time to go to the store or pick someone up, they get ready!

2. **Following Signs:** On the road, there are special signs. Some signs say, 'Go!' and some say 'Stop!' Just like traffic lights! The driver watches these signs to know what to do!

3. **Using a Map:** A driver often uses something like a treasure map, called a GPS. It helps them know where to go. So, if they need to go to Grandma's house, the map shows them how to get there!

4. **Where to Stop:** When the driver gets to their destination, they look for signs or places to park, just like you look for a place to sit in a playground. They have to park safely and not block anyone!

So, just like in a fun game, drivers know when to start and where to stop by watching the time, following signs, and looking at their map!
