

My favorite toy is a kite. It has bright colors like red and blue. I love flying it in the sky on sunny days. When I run, the kite dances in the wind! Sometimes, I trick my friends by making it spin. My kite is light, so it goes up high. I feel happy when it flies above my head. I like to take good care of my kite. It makes me smile and brings me joy. Playing with my kite is so much fun!
