

My favorite toy is a bright red ball. It is round and bouncy, just like a balloon! I love playing with it in the park. I can kick it, throw it, and even catch it. Sometimes, I play with my friends, and we have so much fun. We try to see who can bounce it the highest. My ball is very light, so I can carry it easily. When I play with it, I feel super happy! After playing, I store it in my toy box to keep it safe. This ball is special because it makes me smile every time I play!
