

My favorite toy is my little bike. It is red and has two shiny wheels. I love to ride it around the park. My bike has a comfy seat and cute stickers. When I pedal fast, I feel like I'm flying! Sometimes I pretend I'm racing with my friends. I like to ring the bell that makes a sweet sound. Riding my bike makes me super happy! I take care of my bike by keeping it clean. My bike is special because it helps me have fun every day!
