

What Are the Books of the Bible?

The Bible is a very special book for many people. It is divided into two main sections: the Old Testament and the New Testament. Each section has its own books that tell different stories and lessons.

The Old Testament

The Old Testament is the first part of the Bible. It has 39 books, and it's mostly about the history of the world before Jesus was born. Here are some important books in the Old Testament:

- **Genesis:** This book tells us how the world was created and includes the stories of people like Adam and Eve, Noah, and Abraham.
- **Exodus:** This book describes how the Israelites escaped from slavery in Egypt and received important rules from God called the Ten Commandments.
- **Psalms:** This is a collection of songs and poems that express feelings like joy, sadness, and gratitude to God.

The New Testament

The New Testament comes after the Old Testament and has 27 books. It focuses on the life of Jesus and the beginning of the Christian church. Some key books in the New Testament are:

- **Matthew:** This book tells the story of Jesus' life, teachings, death, and resurrection.
- **Acts:** This book describes what happened to Jesus' followers after He went back to Heaven and how they spread His teachings.
- **Revelation:** This book talks about the future and shares visions about how everything will end and what Heaven will be like.

Why Are These Books Important?

The books of the Bible are important because they teach us about God, how to live our lives, and how to treat other people. They contain stories, poetry, and lessons that can help us understand love, hope, and faith.
