

Hi Vienna! Let's talk about the prefix '**mis**'. A prefix is a group of letters added at the beginning of a word to change its meaning. The prefix '**mis**' means 'wrongly' or 'badly'. This means that when you see '**mis**' at the start of a word, it usually means that something is done incorrectly or in a bad way.

For example:

- **Misunderstand** - This means to understand something incorrectly.
- **Misplace** - This means to put something in the wrong place.
- **Misbehave** - This means to behave badly or not follow the rules.

So, remember that '**mis**' shows that something is not right or that it has been done wrongly. It's like a little helper at the start of a word that lets us know something went wrong!
