

What is a Bow?

A bow is a fun thing we can use to decorate! Imagine a little stick, like a short wand. Now, think of a pretty ribbon, which is like a long piece of soft fabric. When we take that ribbon and tie it around the stick, we make a bow! It looks like a beautiful loop and is often used to make things look pretty, like wrapping gifts or in your hair. So, a bow is like a happy decoration made with a stick and a ribbon!
