

Playing with Robby is super fun! Let's break it down step by step:

1. **Switch on Robby:** Find the power button on Robby and press it to turn him on. You'll hear a beep or see a light that means he's awake!
2. **Touch the start barcode:** Look for a special code, called a barcode, on Robby's card. Gently touch it with Robby. This will start the fun and you will hear what to do next!
3. **Answer using Robby:** After you hear the instructions, you will need to find the right barcodes to answer the questions. Use Robby to scan those barcodes. If you pick the correct one, Robby will share a cool fact with you!
4. **Enjoy a musical mix:** If you want to have even more fun, scan the right barcode again, and Robby will play some catchy music for you!

That's it! Have a great time playing with Robby and learning new things!
