

What Was Ancient Greece?

Ancient Greece was a group of city-states located in southeastern Europe, and it existed about 2,500 years ago. It was not just one big country like we think of today; instead, it was made up of many different cities, each running its own government. Some of the most famous city-states were Athens, Sparta, and Corinth.

What Did They Believe In?

The ancient Greeks had many gods and goddesses, just like in fairy tales! They believed these gods controlled different parts of life and nature, like the sky, the sea, and even love. Zeus was the king of the gods, and each god had their own stories, called myths, about all their adventures.
