

What is Team Work Chores?

Hi Felicia and Jantiena! Today, we're going to talk about something really cool called **teamwork chores**.

What is Teamwork?

Teamwork is when two or more people work together to get something done. Just like superheroes who join forces to save the day, you can work together to do chores!

What are Chores?

Chores are the little jobs we do to keep our home nice and tidy. They can be things like:

- Washing dishes
- Picking up your toys
- Making your bed
- Dusting the shelves

Why Work as a Team?

When you both do chores together, it can be more fun! You can help each other, share ideas, and even finish faster. Plus, when you work as a team, you help each other feel happy and proud of what you accomplished!

How Can You Work Together?

Here's a step-by-step way to do teamwork chores:

1. **Pick a Chore:** Choose a chore you both want to do, like cleaning your playroom.
2. **Split the Jobs:** Decide who will do what. Maybe Felicia will pick up the toys, and Jantiena will vacuum the floor.
3. **Set a Timer:** You can make it a game! Try to see how quickly you can finish the chores together by setting a timer.
4. **Celebrate Together:** When you finish, give each other high-fives and maybe even a little treat for doing such a great job!

Final Thought

Remember, teamwork makes chores fun! So when you and your friends or family work together, it can feel like an adventure! Happy cleaning!
