

# What's an Ice Cream Truck Menu?

Hey there, little friend! Have you seen an ice cream truck? It's a special truck that brings yummy ice cream right to us!

## What's on the Menu?

The ice cream truck menu is like a big list that shows all the different ice cream treats we can buy. Here's how it works:

1. **Types of Ice Cream:** There are many flavors like chocolate, vanilla, and strawberry! You can pick your favorite.
2. **Ice Cream Treats:** Sometimes, they sell cones, cups, or even bars that are frozen. Yum!
3. **Toppings!** You can add things like sprinkles, whipped cream, or cherries on top of your ice cream. They make it look super fun!

So when you see an ice cream truck and look at the menu, you can choose what yummy treat you want to eat. It's like a treasure hunt for sweet things!

## Remember!

Always ask a grown-up for help when you want to buy ice cream, and enjoy your tasty snack!
