

When it's time to go to school, you might need to wait for the school bus. Here's how to find the best place to wait:

1. **Look for the bus stop:** Your school will have a special place called a bus stop. This is where you wait for the bus to come. Sometimes, it's on the corner of the street or in front of a park.
2. **Stay safe:** Always stand on the sidewalk or grass, away from the road. This helps keep you safe from busy cars.
3. **Wait with a friend or family member:** It's more fun and safer to wait with someone else. You can play games or talk while you wait!
4. **Watch for the bus:** When you see the bus coming, stand up straight and get ready to board. But remember to wait until the bus stops and the doors open!

Following these steps will help you have a safe and fun time waiting for the school bus!
