

All About Sheep!

Hi there, little friend! Today, we are going to learn about a fluffy animal called a **sheep**.

What is a Sheep?

Sheep are gentle animals that are covered in soft, curly wool. They love to eat grass and spend their time playing with their friends in the field!

What Do Sheep Look Like?

Sheep are usually white, but some can be black or brown. They have four legs and a big round body. Their faces are very sweet, and they have ears that can hear very well!

Where Do They Live?

Sheep live on farms or in fields. Farmers take care of them and make sure they have plenty of food and water.

What Do Sheep Like to Eat?

Sheep love to munch on fresh grass and sometimes eat hay. It's like having a salad all day!

Fun Fact About Sheep

Did you know that sheep can recognize each other? They remember their friends just like you remember your best pals!

How Do Sheep Help Us?

Sheep give us wool, which people use to make warm clothes like sweaters. They are also used for meat and milk.

Now you know a little more about sheep! They are friendly animals that help us in many ways. Next time you see a sheep, you can tell everyone what you learned!
