

Fun Facts About Iguanas!

Hi, little buddy! Did you know that iguanas are very interesting animals? Here are some fun facts for you!

- **Colorful Creatures:** Iguanas come in many colors! Some are green, while others can be blue or even yellow!
- **Long Tails:** Iguanas have super long tails that can be longer than their bodies! They use their tails to help them balance when they climb.
- **Sunny Lovers:** Iguanas love to bask in the sunshine. They often sit on rocks or branches to get warm.
- **Vegetarian Diet:** Most iguanas eat only plants, like leaves and flowers. They love to munch on crunchy greens!
- **Good Climbers:** With their strong legs and long claws, iguanas are great at climbing trees.
- **Unique Defense:** If an iguana feels scared, it can drop its tail! This helps it get away from predators, and it can grow a new tail later on.

Isn't that cool? Iguanas are amazing animals that you can learn so much about!
