

Objective

By the end of this lesson, you will have explored various subjects through the lens of the UnderTale spin-off game, Deltarune, and gained a deeper understanding of Art, English, Foreign Language, History, Math, Music, Physical Education, Science, and Social Studies.

Materials and Prep

- A computer or gaming device to play Deltarune
- Pen and paper for note-taking
- Internet access for research purposes

No specific prior knowledge is required for this lesson, as we will be exploring different subjects within the context of the game.

Activities

- **Art:** Create your own Deltarune-inspired artwork using various art supplies. Focus on capturing the unique characters and settings of the game.
- **English:** Write a short story or fanfiction based on the events of Deltarune. Use descriptive language to bring the characters and their adventures to life.
- **Foreign Language:** Research and learn a few basic phrases in a foreign language of your choice. Practice saying them in the context of Deltarune.
- **History:** Investigate the historical influences and references found in Deltarune. Research the time periods or events that inspired certain aspects of the game.
- **Math:** Analyze the game mechanics of Deltarune. Calculate the probabilities of certain outcomes or solve puzzles within the game.
- **Music:** Listen to the soundtrack of Deltarune and identify different musical elements such as melody, rhythm, and instrumentation. Create your own musical composition inspired by the game.
- **Physical Education:** Engage in a physical activity inspired by the characters in Deltarune. Create a workout routine or dance routine based on their movements.
- **Science:** Explore the scientific concepts present in Deltarune. Research topics such as alternate dimensions, time travel, or the properties of different elements in the game.
- **Social Studies:** Examine the social dynamics and relationships between characters in Deltarune. Analyze the themes of friendship, teamwork, and empathy portrayed in the game.

Talking Points

- **Art:** "Let's express our creativity by creating artwork inspired by the unique characters and settings in Deltarune. What colors and art supplies can we use to capture their essence?"
- **English:** "We can dive deeper into the story of Deltarune by writing our own short stories or fanfiction. How can we use descriptive language to bring the characters and their adventures to life?"
- **Foreign Language:** "Learning a few phrases in a foreign language can enhance our understanding of different cultures. How can we incorporate these phrases into conversations related to Deltarune?"
- **History:** "Deltarune draws inspiration from various historical events and time periods. Let's research and discuss the connections between the game and real-world history."
- **Math:** "We can apply our math skills to analyze the probabilities and solve puzzles within Deltarune. How can we use mathematical reasoning to progress in the game?"
- **Music:** "The soundtrack of Deltarune is an important part of the gaming experience. Let's listen closely to the music and identify different musical elements. How can we create our own composition inspired by the game?"

- **Physical Education:** "The characters in Deltarune have unique movements and abilities. Let's create a workout routine or dance routine that reflects their physicality. How can we have fun while staying active?"
- **Science:** "Deltarune incorporates scientific concepts such as alternate dimensions and elements. How can we explore these concepts and relate them to real-world scientific knowledge?"
- **Social Studies:** "The relationships between characters in Deltarune teach us important lessons about friendship, teamwork, and empathy. How can we analyze and apply these themes to our own lives?"
