

## Objective

By the end of this lesson, you will learn how to blow bubbles and understand the science behind them.

## Materials and Prep

- Bubble solution
- Bubble wand or straw
- A container for the bubble solution
- A safe space for outdoor play

No prior knowledge required, just come ready to have fun!

## Activities

- **Bubble Blowing:** Dip the wand/straw in the bubble solution and blow gently to create bubbles.
- **Bubble Pop:** Try to catch and pop the bubbles with your hands or by blowing on them.
- **Bubble Hunt:** Search for bubbles floating in the air and try to catch them.

## Talking Points

- **What are bubbles?** - "Bubbles are like tiny balloons filled with air."
- **How do we make bubbles?** - "We dip the wand in the bubble solution and blow gently."
- **Why do bubbles pop?** - "Bubbles pop when they touch something dry or sharp."
