

Objective

By the end of this lesson, Matilda will be able to play a simple tune on the Yousician Piano app.

Materials and Prep

- Yousician Piano app installed on a tablet or computer
- Piano or keyboard
- Headphones (optional but recommended)

No prior knowledge or preparation needed.

Activities

- **Warm-up:** Start with some finger exercises, like tapping each finger on a table or playing air piano.
- **Explore the App:** Open the Yousician Piano app and explore the different lessons and songs available.
- **Follow Along:** Choose a simple song or lesson in the app and follow the instructions to play along.
- **Create Your Tune:** Encourage Matilda to experiment with the keys and create her own little tune.

Talking Points

- Music is like telling a story with sounds. Let's create our own story today with the piano keys.
- "Just like how we use different colors to paint a picture, we use different keys on the piano to create music."
- Each key on the piano makes a different sound. Let's listen carefully to how they sound different from each other.
- "Playing the piano is like a secret code. Each key you press unlocks a different part of the music."
- Practice makes perfect! The more we practice, the better we get at playing the piano.
