

## Objective

By the end of this lesson, you will be able to explore and learn about Horrible Histories through engaging activities in Art, English, History, Math, and Science.

## Materials and Prep

- Paper
- Pencils and coloring materials
- Access to the internet for research
- No prior knowledge required, just your curiosity and creativity!

## Activities

- **Art:** Create a comic strip depicting a funny historical event from Horrible Histories.
- **English:** Write a short story about a character from Horrible Histories getting into a wacky situation.
- **History:** Research a bizarre historical fact from Horrible Histories and present it in a creative way.
- **Math:** Calculate the number of years between two significant events in history mentioned in Horrible Histories.
- **Science:** Conduct an experiment related to a historical invention or discovery mentioned in Horrible Histories.

## Talking Points

- **Art:** "Let's use our imagination to draw a comic strip that tells a funny story from history."
- **English:** "Imagine you are a character from Horrible Histories. What adventure would you go on? Write it down!"
- **History:** "Did you know that history can be hilarious? Let's find a strange fact and share it in a fun way."
- **Math:** "Numbers are everywhere, even in history! Let's calculate how many years passed between two crazy events."
- **Science:** "Science and history go hand in hand. Let's do an experiment inspired by a historical discovery!"
