

## Objective

By the end of this lesson, you will learn about Warwick Castle and its significance in history through various activities.

## Materials and Prep

Materials: Paper, coloring supplies, ruler, music player

Prep: Familiarize yourself with the history of Warwick Castle

## Activities

1. Art: Draw a picture of Warwick Castle and color it in using your favorite colors.
2. History: Research and write down three interesting facts about Warwick Castle.
3. Music: Listen to medieval music while imagining what it would be like to live in Warwick Castle during that time.

## Talking Points

- Art: "Art helps us express our creativity. Today, we are drawing Warwick Castle."
- English: "Reading about Warwick Castle can improve our vocabulary. Let's learn new words like fortress and moat."
- History: "Learning about the past helps us understand the present. What do you think life was like in Warwick Castle?"
- Math: "Measuring the walls of Warwick Castle can help us practice our math skills. Let's use a ruler to measure."
- Music: "Listening to music from the past can transport us to different times. Imagine dancing in Warwick Castle's grand hall."
- Physical Education: "Exploring castles requires physical activity. Let's pretend to march like knights in armor."
- Science: "Understanding castle architecture involves science. How do you think they built such strong walls?"
- Social Studies: "Studying castles teaches us about different cultures. Warwick Castle has a rich history. Let's learn more about it."
