

Objective

By the end of this lesson, you will be able to enhance your language skills through fun activities related to Gorilla Tag on the Oculus.

Materials and Prep

Materials: Oculus device with Gorilla Tag game installed

Prep: Familiarize yourself with the game and its features

Activities

1. Describe a Gorilla: Use descriptive words to talk about the appearance of a gorilla in the game.
2. Act Out: Take turns acting out movements from the game while the other person guesses the action.
3. Story Time: Create a short story involving gorillas and share it with each other.
4. Vocabulary Challenge: Learn new words related to gorillas and use them in sentences.

Talking Points

- What is Gorilla Tag? - "Gorilla Tag is a game where players act like gorillas and try to catch each other in a virtual world."
- Why is it important to describe things? - "Describing things helps us communicate better and paint a picture in someone else's mind."
- How can acting out movements help us understand better? - "Acting out movements can make things clearer and more fun to learn."
- Why do we tell stories? - "Stories help us use our imagination and creativity to share ideas and experiences."
- What is the benefit of learning new vocabulary? - "Learning new words helps us express ourselves better and understand more things around us."
