

## Objective

By the end of this lesson, you will be able to understand the basics of jazz music and its unique style.

## Materials and Prep

- Music player or computer with internet access
- Paper and coloring supplies
- Open space for dancing

No prior knowledge needed, just bring your enthusiasm for music!

## Activities

- **Jazz Listening:** Listen to famous jazz songs like "Take Five" by Dave Brubeck and try to tap along to the beat.
- **Draw Your Jazz Band:** Imagine you are in a jazz band and draw yourself playing your favorite instrument with your bandmates.
- **Jazz Dance Party:** Move and groove to the rhythm of jazz music. Try out different dance moves and have fun!

## Talking Points

- **What is Jazz?**  
"Jazz is a type of music that is full of energy and improvisation. It can make you feel happy and want to dance!"
- **Who are Jazz Musicians?**  
"Jazz musicians are like musical storytellers. They use their instruments to create beautiful melodies and rhythms."
- **What is Improvisation?**  
"In jazz, musicians often make up music on the spot. It's like telling a story without planning it beforehand!"
- **Why is Jazz Fun?**  
"Jazz is fun because it lets you be creative and express yourself through music. It's like having a musical conversation with your friends!"
